Vigorous...vibrant...vivacious!

Spirited...smart...sharp!

Wow!....wonderful....when can I hear her again?

Lucy Rosen delivers an amazing and thoughtful presentation to any group she addresses! As one of the nation's leading event producers, I have had the privilege of hiring Lucy and hearing her speak to women's groups, men's groups, Chambers, charity galas, conferences, business motivational symposiums and networking groups. Each time, it's the same reaction: "Wow! When can I hear her again?"

She is a gift. Her ability to deliver strong message points in a fun, memorable way is unmatched. Attendees walk away with tangible "how-to" ideas to incorporate immediately. Her impact lasts well beyond the presentation. It's life-changing for many!

Watch out Anthony Robbins....Lucy Rosen is here!

Oprah Winfrey, if you are looking to produce a show on "powerful women", you must select Lucy Rosen to be featured!

An award-winning business and civic leader, when Lucy speaks, people listen.
