Dear Lucy,

On behalf of the Professional Development and Membership Committees, I would like to thank you for presenting such a fantastic networking program to our members on May 25th at Windows on the World.

Despite the cramped quarters, you really made the most of our cocktail reception venue and your tips were extremely helpful to our "networking minded" membership. Introductions and business cards were furiously being exchanged as everyone sought to apply many of the techniques you discussed during the reception.

As a professional organization for women in health care, WHM continually strives to improve the skills of our membership and your program successfully met (and exceeded) that objective. I enjoyed working with you in setting up the event and, if WHM can be of help to you in the future, please do not hesitate to contact me.

Sincerely,

Natasha A. Chaturvedi
